January 2022

Victoria is a Swiss and American driven creative thinker. She opened her office after finishing her Master in Architecture. She has designed interiors and experiences for a range of international industries and companies specialized in residential, commercial and hospitality services. She works as a careful material scientist, listener and translator, challenging each design brief or mission statement. Her work has been prized for its innovative, functional, atmospheric and soulful spaces.

- 2018 master in architecture, EPF Lausanne
- 2015 bachelor in Architecture, EPF Lausanne
- 2010 baccalauréat scientifique, Ecole Massillon, Paris
